PROFESSIONAL STRENGTHS

Problem-solving · Teamwork · Leadership · Communication · Adaptability · Time management · Creativity · Attention to detail

PROFESSIONAL PROFILE

I am a Junior Full-Stack Web Developer with practical experience building web applications in a collaborative studio environment. I enjoy working across frontend and backend development, solving problems, and learning how different parts of an application work together. I have experience with REST APIs, databases, debugging and deployment, and I am motivated to keep growing while building useful solutions to real-world problems.

WORK EXPERIENCE

Junior Full-Stack Web Developer | Life Choices Academy Studio — Aug 2026 – Present
Contract

- I contribute to client-focused web applications through collaborative frontend and backend development.
- I work with APIs and databases, troubleshoot application issues, and assist with application hosting and deployment.
- I work closely with teammates to deliver full-stack solutions and strengthen my leadership, communication and problem-solving skills.

Seasonal Operations & Merchandising Assistant | Woolworths — Dec 2025 – Jan 2026

- I supported merchandising and day-to-day store operations during the seasonal period, working with the team to maintain store presentation.

Merchandiser | Checkers, Muizenberg | Pack n Stack Agency — May 2023 · ~1 month

- I supported merchandising activities in a busy retail environment.

EDUCATION & QUALIFICATIONS
